

Announcement of the release of:

**The DEFIANCE**  
**A SOCIO-ECONOMIC PROBLEM SOLVING**  
**(EDITED BOOK)**

This edited book comes to address a gap in literature till date about socio-economic problems solving needs, requirements, challenges and techniques which are all very important for any community's realised development. It is a collection of peer-reviewed papers which were published to address such important growing discipline.

The idea behind this work is to explore how the defiant socio-economic problems can be tackled, using different approaches and from different perspectives. The book show how socio-economic problem solving works theoretically and then practical case studies that illustrate the application of the approaches in different areas and fields.

You are invited to visit any of the main international book stores, or visit:
