

Brief on- Exploring Inspiration Economy

The book explains the relation of ***Behavioural Economics based Inspiration*** that use the Intrinsic powers of (individuals, organisations and communities) to address socio-economic needs. The book shows how the concept have been developing rapidly in the last few years with its more differentiated ***live labs applications*** that are influencing the quality of life and the development of many communities.

This edited book is a collective of published papers and articles in different peer-reviewed journals and conferences. The idea behind this work is to show and follow the progress of one of the new coming behavioural economy fields that is ***Inspiration Economy***, as rapidly developing ***socioeconomic concept*** that might create a differentiated outcome in the coming years. It is a reference book for those interested in understanding how ***Inspiration Economy labs, Inspiration Currency, Inspirational techniques of Problem Solving as Differential Diagnosis and Complex Models***, are handled, developed and optimised. The papers show the relation also between Inspiration Economy and the supporting coming economies as Youth Economy and Resilience Economy and how they ***address the world future foresighted needs in unique ways***. The ***opportunities developed in the chapters*** of the book show how much ***we humans can change positively the fate of humanity***, if we realise, discover and capitalize on the opportunities around us ***in effective creative ways***.
